mentorship from others who have gone before them and they follow a blueprint. Experts invest in other experts. Leap of Faith: How To Build Your Spiritual Business is the blueprint you’ve been searching for that contains a powerful step-by-step plan of action on exactly how to quickly build and grow your spiritual practice. People are online searching for you right now. The question is: Are they able to find you? Most spiritual entrepreneurs are good at their "modalities," but need help on the business side of things which involves: *sales, *marketing, *money management, *automation, *website building, *social media, *legal requirements, *tax deductions, *and so much more! This book will teach you all of the above and so much MORE! You won’t find any book on the market like Leap of Faith: How To Build Your Spiritual Business because it doesn’t exist. This book was written from one Spiritual Light-Worker to another—you! You were “called” to share your spiritual gifts with the world and the world awaits you now more than ever. It's time for you to move into your brilliant power and shine! It's time for you to become an unstoppable Light-Worker for your dreams and desires. You have been called to FLY! You can play it safe or you can put on your wings and fly—the choice is up to you. This book is a guide for your inner and outer success! Let's start our journey together

A Leap of Faith

Soren Kierkegaard reflects poetically and philosophically on the biblical story of God’s command to Abraham, that he sacrifice his son Isaac as a test of faith. Was Abraham's proposed action morally and religiously justified or murder? Is there an absolute duty to God? Was Abraham justified in remaining silent? In pondering these questions, Kierkegaard presents faith as a paradox that cannot be understood by reason and conventional morality.

A philosophical look at the movie Inception and its brilliant metaphysical puzzles Is the top still spinning? Was it all a dream? In the world of Christopher Nolan’s four-time Academy Award-winning movie, people can share one another’s dreams and alter their beliefs and thoughts. Inception is a metaphysical heist film that raises more questions than it answers: Can we know what is real? Can you be held morally responsible for what you do in dreams? What is the nature of dreams, and what do they tell us about the boundaries of "self" and "other"? From Plato to Aristotle and from Descartes to Hume, Inception and Philosophy draws from important philosophical minds to shed new light on the movie's captivating themes, including the one that everyone talks about: did the top fall down (and does it even matter)? Explores the movie's key questions and themes, including how we can tell if we're dreaming or awake, how to make sense of a paradox, and whether or not inception is possible Gives new insights into the nature of free will, time, dreams, and the unconscious mind Discusses different interpretations of the film, and whether or not philosophy can help shed light on which is the "right one" Deepens your understanding of the movie's multi-layered plot and dream-infiltrating characters, including Dom Cobb, Arthur, Mal, Ariadne, Eames, Saito, and Yusuf An essential companion for every dedicated Inception fan, this book will enrich your experience of the Inception universe and its complex dreamscape.

You were created for a purpose, and it's time to make it happen. Make It Happen is the story of how I surrendered my fear, took the leap, and got a life. In my case, a perfectly imperfect, fulfilling life as a mama, a working woman, and a grateful wife. This is the story of how I chose to make "it"—a greater purpose than mine—happen, and how you can too. Make It Happen is for women who find themselves worried, anxious, and completely overwhelmed by the constant chase for perfection those seeking the courage to jump into a new venture working women who are struggling to "do it all" weary wives and moms looking for relief from burning the candle at both ends anyone who dreams of a life lived not by accident, but on purpose Your time has come to take a leap of faith. Join me as we surrender our fears, end the chase for perfection, and say yes to cultivating the meaningful lives God desires for us. You know all those things you've always wanted to do?You should go do them.

Entrepreneurial Leap

Crossing the Great Divide

How do laws resemble rules of games, moral rules, personal rules, rules found in religious teachings, school rules, and so on? Are laws rules at all? Are they all made by human beings? And if so how should we go about interpreting them? How are they organized into systems, and what does it mean for these systems to have 'constitutions'? Should everyone want to live under a system of law? Is there a special kind of 'legal justice'? Does it consist simply in applying the law of the system? And how does it relate to the ideal of 'the rule of law'? These and other classic questions in the philosophy of law form the subject-matter of Law as a Leap of Faith. In this book John Gardner collects, revisits, and supplements fifteen years of celebrated writings on general questions about law and legal systems - writings in which he attempts, without loss of philosophical finesse or insight, to cut through some of the technicalities with which the subject has become encrusted in the late twentieth century. Taking his agenda broadly from H.L.A. Hart's The Concept of Law (1961), Gardner shows how the key ideas in that work live on, and how they have been and can still be improved in modest ways to meet important criticisms - in some cases by concession, in some cases by circumvention, and in some cases by restatement. In the process Gardner engages with key ideas of other modern giants of the subject including Kelsen, Holmes, Raz, and Dworkin. Most importantly he presents the main elements of his own unique and refreshingly direct way of thinking about law, brought together in one place for the first time.

Leap of Faith

Born into a distinguished Arab-American family and raised amid privilege, Lisa Halaby was in the first co-educational freshman class at Princeton, graduating in 1974 with a degree in architecture and urban planning. Then, in 1976, she was introduced, on an airport runway, to King Hussein of Jordan, a direct descendent of the prophet Muhammed. In less than two years, she was his wife, Noor al-Hussein, Queen of Jordan. With eloquence and candour, Noor talks frankly of the many challenges of her life as wife and partner to the monarch, providing both an intimate portrait of the late King
Hussein and his quest for peace in the Middle East, and a moving account of the demands his public role as a world
statesman placed on the royal couple's private life. Sharing a personal perspective on the past three decades of world
history, Leap of Faith highlights Queen Noor's views on Islam and the West; the challenges of rearing her family; her
work as Queen and humanitarian activist; and her struggles to protect her husband as he slipped into the illness that
would kill him in 1999. Her story is filled with recollections of the world's most powerful and interesting people:
Queen Elisabeth, Jimmy Carter, Pierre Trudeau, Yassar Arafat and Anwar Sadat. In the wake of September 11, Noor reflects
on the true message of Islam and the ongoing violence in the Middle East from her unique perspective with a deep and
abiding understanding of Arab aspirations and history. Leap of Faith is refreshingly candid and clear-eyed, a true love
story set against the turbulent politics of the last thirty years.

Charles and Emma

Offers support, comfort, and guidance on spiritual matters, and advises readers how to allow faith combined with
imagination and hard work to achieve their dreams.

The 100-Day Happiness Planner

American Democracy: A Great Leap of Faith is the companion volume to an exhibition at the Smithsonian National Museum of
American History that celebrates the bold and radical experiment to test a wholly new form of government. Democracy is
still a work in progress, but it is at the core of our nation's political, economic, and social life. This lavishly
illustrated book explores democracy from the Revolution to the present using objects from the museum's collection, such
as the portable writing box that Thomas Jefferson used while composing the Declaration of Independence, the inkstand
with which Abraham Lincoln drafted the Emancipation Proclamation, Susan B. Anthony's iconic red shawl, and many more.
Not only famous voices are presented: like democracy itself, the book and the exhibition preserve the voice of the
people by showcasing campaign materials, protest signs, and a host of other items from everyday life that reflect the
promises and challenges of American democracy throughout the nation's history.

Jeeves and the Leap of Faith

This Bible study examines 10 fears common to most women and suggests ways to overcome such fears by using them as
stepping stones to deeper faith, renewed confidence, and sincere reverence for a powerful and loving God.

American Democracy

Do you want to know why you were born? Do you long for a life filled with a sense of meaning? Do you want to live a life
of purpose and destiny? Sherri Lewis' journey from Ivy League trained doctor to nation hopping missionary in Africa will
inspire you to live your own God adventure. She gives keys to taking a huge leap of faith to enter the "God Zone" - that
amazing space where all of heaven backs you so your dreams come true!

Niki Owl

Take a Leap of Faith and Accept Your Imperfections Embracing your Gifts, Letting go, and Realizing You are Perfect the Way You are What are the things you should be thankful for? You may not appreciate them now, but imagine them gone. What are your imperfections? Can you work on them to improve yourself? If you need help answering these questions, then this book is definitely for you! If you have a roof over your head, food in your tummy, a work to go to each day, if you are healthy, if you are with your family and all of you are living freely, and if you can read this book, could you still not consider yourself blessed? Don't get me wrong – I'm not saying that so long as you have the basics, you must no longer seek for improvement – what I'm telling you is that you should still find the time to reflect and be thankful. The small gifts that you take for granted may not be yours in the future, so why focus on something that isn't there? Here are a Few Things You Will Learn From This Book: Why You Have So Many Things to Be Thankful For The Beauty in Being Less than Perfect Accepting the Uncertainties and Impermanence of Life It Takes Strength to Admit That You Are Weak How can I be at peace with myself and others? Saying Sorry Does Not Equate Vulnerability And much, much more! Take action now! Continue reading for even deeper information on imperfection. Leap of Faith

You've thought about starting your own business . . . but how can you decide if you should really take the leap? There's a lot on the line, and you have to ask yourself difficult questions: Do I have what it takes? Is it worth it? And how the hell do I do it? You need answers, not bullshit. This book has them. Entrepreneurial Leap: Do You Have What it Takes to Become an Entrepreneur? is an easy-to-use guide that will help you decide, once and for all, if entrepreneurship is right for you—because success as an entrepreneur depends on far more than just a great idea and a generous helping of luck. In this three-part book, Gino Wickman, bestselling author of Traction, reveals the six essential traits that every entrepreneur needs in order to succeed, based on real-world startups that have reached incredible heights. If these traits ring true for you, you'll get a glimpse of what your life would look like as an entrepreneur. What's more, Wickman will help you determine what type of business best suits your unique skill set and provide a detailed roadmap, with tools, tips, and exercises, that will accelerate your path to startup success. Packed with real-life stories and practical advice, Entrepreneurial Leap is a simple how-to manual for BIG results. Should you take the leap toward entrepreneurship? Find out today and let tomorrow be the first step in your new journey, whatever shape it may take.

Take a Leap of Faith

Zack Manning is a computer software genius and he's just been offered a six-figure position in Manhattan. But for some reason, Zack can't bring himself to accept the offer. Perhaps it has something to do with his free-spirited neighbor,
Zoe Wyndham. Zack thinks Zoe's pretty, but she's far too kooky for him. Still, he takes a second look when she arrives at his front door with a message about his job. Zoe's been attracted to Zack for a while, but he's not her type. He's business-minded, serious, successful—certainly not the type to go into the mission field, and that's her plan. She would just be a kink in his well-ordered life. So when Zack finally looks her way, Zoe doesn't expect much, but he's constantly on her mind. Then there's his recent change of heart where she's concerned. Zoe's convinced the resident angels at Heart's Haven have something to do with it, and while she doesn't understand, she may just have to take a leap of faith.

Jump

Kierkegaard's Concluding Unscientific Postscript

A true success story. "A Leap of Faith" simplifies the principles for success and puts how we can overcome the most dire circumstances and succeed in spite of the odds, Written in a language everyone can understand, you will be motivated by Ken Brown's wisdom and insight. This is a must read for all those who are serious about success and inspired by the word of God.

Leap of Faith

Seventeen-year-old Faith shepherds her neglectful, drug-addicted mother through her pregnancy and then kidnaps the baby, taking on the responsibility of being her baby sister's parent while hiding from the authorities.

Inception and Philosophy

Charles Darwin published The Origin of Species, his revolutionary tract on evolution and the fundamental ideas involved, in 1859. Nearly 150 years later, the theory of evolution continues to create tension between the scientific and religious communities. Challenges about teaching the theory of evolution in schools occur annually all over the country. This same debate raged within Darwin himself, and played an important part in his marriage: his wife, Emma, was quite religious, and her faith gave Charles a lot to think about as he worked on a theory that continues to spark intense debates. Deborah Heiligman's new biography of Charles Darwin is a thought-provoking account of the man behind evolutionary theory: how his personal life affected his work and vice versa. The end result is an engaging exploration of history, science, and religion for young readers. Charles and Emma is a 2009 National Book Award Finalist for Young People's Literature.

Fear and Trembling
Leap of Faith

A story of a conservative Jewish girl who shocked her mother with the news that she had not brought home a Jewish doctor but a nice catholic boy. Thirty years later, she comes home with the news that she is Gay! This is a story of a self-conscious teenage girl, the young lady and ultimately the mother and woman that has to come to terms with her sexuality, her childhood issues, her spiritual beliefs and in turn her faith. As she writes: "Now before you run off and toss the book into a fire shouting, "oh hell, not another one of these!" a converted heathen about to shout religious prose from her horse of self-righteousness. I can assure you I am no different from any other woman or man who had to struggle with crossing life's huge expanse into living their truth. There are many people with extraordinary stories and adventures to tell, far more entertaining and expansive than mine. I guess my answer would be If you are reading this, maybe, just maybe you are that woman or man, standing on the threshold of crossing your great divide, stuck in a petrified forest, afraid to take that first step, afraid of what people will say about you, afraid of losing your family and friends, as I was nine years ago. So, my story will either give you a push to take that leap of faith or perhaps stay in the closet." This is a quirky, fun, poignant read of a woman and her relationships with people who have shaped her life, taught her how to dance with the mysterious, and take a leap of faith into the unknown territory of living a Gay life. This is one woman's journey served with a Jewish cheesecake baked with heart and love. A beautiful read if you are about to step into Crossing your Own Divide or just enjoy a good desert of words.

Take a Leap of Faith

Forced to attend a Catholic middle school because of her conduct, Abigail discovers a talent for theater and develops a true religious faith.

The Single Woman: Life, Love, and a Dash of Sass

"To write of the conflict within, to be wronged by life and still feel blessed to be living. To know that wrong was just a part of bigger plan of right. This collection essays a reflection into touching a realm, a dimension, we only feel deep within, and are too scared to talk about. This work is a belief in goodness even in the worst of souls, and a belief of filling unimaginable abyss of chaos grief and darkness in human beings, with love light and faith. It is for all the people who have been at the turning points of their lives and have sensed a lower band in all they fail to do and an upper hand which comes to their rescue. It’s for everyone out there who understands that love and pain are inseparable, that angels and devils do exist and we all have a part of both in us. It’s all about which one we love more, the devil to kiss him and make him go the sleep or the angel to challenge and make him go much higher. This short collection is a trial at both communication and silence, because that's where our innermost or the supreme, as we call it, resides"
Taking the Leap

Discusses the Buddhist concept of shenpa in order to describe how to become free from the destructive energy experienced during moments of conflict.

Leap of Faith

It was an age of fascinating leaders and difficult choices, of grand ideas eloquently expressed and of epic conflicts bitterly fought. Now comes a brilliant portrait of the American Revolution, one that is compelling in its prose, fascinating in its details, and provocative in its fresh interpretations. In A Leap in the Dark, John Ferling offers a magisterial new history that surges from the first rumblings of colonial protest to the volcanic election of 1800. Ferling's swift-moving narrative teems with fascinating details. We see Benjamin Franklin trying to decide if his loyalty was to Great Britain or to America, and we meet George Washington when he was a shrewd planter-businessman who discovered personal economic advantages to American independence. We encounter those who supported the war against Great Britain in 1776, but opposed independence because it was a "leap in the dark." Following the war, we hear talk in the North of secession from the United States. The author offers a gripping account of the most dramatic events of our history, showing just how closely fought were the struggle for independence, the adoption of the Constitution, and the later battle between Federalists and Democratic-Republicans. Yet, without slowing the flow of events, he has also produced a landmark study of leadership and ideas. Here is all the erratic brilliance of Hamilton and Jefferson battling to shape the new nation, and here too is the passion and political shrewdness of revolutionaries, such as Samuel Adams and Patrick Henry, and their Loyalist counterparts, Joseph Galloway and Thomas Hutchinson. Here as well are activists who are not so well known today, men like Abraham Yates, who battled for democratic change, and Theodore Sedgwick, who fought to preserve the political and social system of the colonial past. Ferling shows that throughout this period the epic political battles often resembled today's politics and the politicians--the founders--played a political hardball attendant with enmities, selfish motivations, and bitterness. The political stakes, this book demonstrates, were extraordinary: first to secure independence, then to determine the meaning of the American Revolution. John Ferling has shown himself to be an insightful historian of our Revolution, and an unusually skillful writer. A Leap in the Dark is his masterpiece, work that provokes, enlightens, and entertains in full measure.

Leap of Faith

This is an open access title available under the terms of a CC BY-NC-ND 4.0 International licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. Why are citizens in some countries more willing to pay taxes than in other countries? This book examines the history of the relationship between citizens and their states in five countries, (Sweden, Britain, Italy, Romania, and the United States), and demonstrates how and why people in in some countries have come to trust the government with their money while in other countries they do not. The book explores the evolution of this relationship in detail, in each case
showing how some governments developed the fiscal and technical capacity to tax their citizens fairly and deliver public services efficiently. In short, how and why some countries became more trustworthy than others. The volume concludes by examining the implications of these five cases for developing countries today and the lessons that can be learned.

Take a Leap of Faith and Accept Your Imperfections

The book is another master piece by the dynamic writer. It compels the reader to sit back and think about the phenomenon called ‘life’. It stirs the readers mind with great deal of positivity. It is subtle yet stimulating. The chapters outlay complete process of life and actions. The reader would get an alleviation in complex process of thinking. It would generate an un-diminishing impact on the minds of readers. It requires a great deal of intelligence to interpret stimuli into words. The art is to perceive signals / hints in a right way, act to amplify your efforts, and, live life with passion. The author has a great way of saying that life is swift, realise it’s potential. We live in a world where time is the biggest constraint. So we need to substantiate our lives by taking right decisions. And such decisions should be quick and correct. Never lose faith in ourselves and live it with a purpose. That is the true meaning of life.

Make it Happen

Niki is an unconventional owl, and this is no ordinary tale of animals in a forest. It is the story of a little owl from Spain whose curiosity about Life takes him on extraordinary adventures around the world. In this first book, Niki takes a huge leap of faith and leaves his home forest to find adventure in Canada. Grow with Niki on his journey of self discovery, friendship, and community, as he adapts to a new environment and culture. Explore a magical world where anything is possible. Where dreams take shape faster than you can blink, and the Truth reveals itself in mysterious ways. It may also be the greatest love story of owl time.

Leaps of Faith

A vivid novel about ingenuity and hard slog, crooks and dreamers, bootleggers and love. Billy is a young, impressionable dreamer. In 1907, he strikes off on his own, keen to prove himself an able worker on the new railroad. It's being cut through steep mountainsides and across deep gullies to join the two ends of the Main Trunk Line. Also drawn to the remote worker settlements are miners from Denniston, young men fresh off the boat, sly-groggers, temperance campaigners, women following their menfolk, local Maori and a varied assortment of people after a new life or a quick buck. Among them is a preacher, Gabriel Locke, who is running from a shady past and determined to avoid the daily grind. With untimely and suspicious deaths, the horrendous weather, impossible deadlines and the rugged landscape, it will take a lot more than a leap of faith for this disparate group to complete the railroad and build the magnificent Makatote viaduct . . .

Leap of Faith
Leap of Faith: The Journey of a Dream is a dance memoir by world-renowned dancer, Saidah Nairobi. In this personal masterpiece, Saidah takes readers on the journey it took to make one of her biggest dreams fresh out of school, transform into her everyday reality. From aspiring dancer to performing and touring around the world with entertainment icons, Beyonce, Usher, Ciara, and more, Leap of Faith is the real-life account of an incredibly unorthodox and inspiring story. In it, Saidah shares not only her tour experiences, but also the story behind her dream, her marriage, and the popularized short blonde hair that became her signature. With unshakable faith, Saidah was able to leap into the vision of her dreams and see more than was imaginable. The path that she tread took courage, and from this candid memoir, you too will want to activate your faith, take a leap, and actualize your every dream.

The Leap of Faith

Notebook Large Size 8.5 x 11 Ruled 150 Pages Softcover

Leap of Faith

Jeeves and Wooster return in a new espionage caper full of japes, high jinks, and jiggery-pokery in a series that is “impossible to read without grinning idiotically” (Evening Standard). The Drones club’s in peril. Gussie’s in love. Spode’s on the war path. Oh, and His Majesty’s Government needs a favor . . . I say! It’s a good thing Bertie’s back, what? In his eagerly anticipated sequel to Jeeves and the King of Clubs, Ben Schott leads Jeeves and Wooster on another elegantly uproarious escapade. From the mean streets of Mayfair to the scheming spires of Cambridge, we encounter a joyous cast of characters: chiseling painters and criminal bookies, eccentric philosophers and dodgy clairvoyants, appalling poets and pocket dictators, vexatious aunts and their vicious hounds. But that’s not all: Who is ICEBERG, and why is he covered in chalk? Why is Jeeves reading Winnie-the-Pooh? What is seven across and eighty-five down? How do you play Russian Roulette at The Savoy? These questions, and more, are answered in Jeeves and the Leap of Faith — an homage to P.G. Wodehouse, authorized by his estate, and essential reading for fans of The Master. Tinkety-tonk!

Tame Your Fears

"Elegant and literate" -THE TIMES OF LONDON "The kind of book that both skeptics and believers would do well to read" -SKEPTICAL INQUIRER "An urbane, original, convincing rebuttal of paranormal and supernatural notions" -NEW SCIENTIST "A lively, entertaining book Humphrey has set himself a larger task than simply explaining why people believe in parapsychology: the task of explaining why it is irrational to believe in it." -NATURE

Law as a Leap of Faith

In her fifty-second bestselling novel, Danielle Steel weaves a compelling story of the power of lies, the misuse of
trust — and of one woman's triumph over a devastating betrayal. Marie-Ange Hawkins has the kind of childhood that most people dream of. Freedom, love, security in a beautiful old French château. But when Marie-Ange is just eleven, a tragic accident marks the end of her idyllic life. Orphaned and alone, she is sent to America, to live with her great-aunt on a farm in Iowa. Bitterly resented by the old woman, cut off from everything she has known and loved, Marie-Ange is forced to work tirelessly on the farm, dreaming only of the day she can return to her beloved Château de Marmouton. In Marie-Ange's isolated existence, only the friendship of a local boy, Billy Parker, offers comfort and hope. But her only wish is to gain an education — and escape. Then, just after her twenty-first birthday, an unexpected visitor brings startling news and an extraordinary gift: the freedom to return to France, to Château de Marmouton. When she arrives in France, Marie-Ange learns that the château's new owner is Comte Bernard de Beauchamp, a dashing young widower who invites her into his home, then into his heart. But their magical life together, which soon includes marriage, children, and lavish homes, slowly takes an ominous turn. A mysterious woman tells Marie-Ange a shocking story, a story so chilling she doesn't want to believe it. Not even her dear friend Billy can help her now. He is thousands of miles away. And as the darkness gathers around her, Marie-Ange must find the faith and courage to take one, last desperate step to save her loved ones and herself. Danielle Steel's powerful new novel is about being pulled into a place where nothing is what it seems. It is about being seduced and lied to and turned around, and wanting to believe the lies — until the moment comes, in one blinding instant, when survival and salvation depend on a final Leap of Faith: the only path to freedom, and life.

Leap of Faith

Besides a sense of personal loss at the death of David F. Swenson on February 11, 1940, I felt dismay that he had left unfinished his translation of the Unscientific Postscript. I had longed to see it published among the first of Kierkegaard's works in English. In the spring of 1935 it did not seem exorbitant to hope that it might be ready for the printer by the end of that year. For in March I learned from Professor Swenson that he had years before "done about two thirds of a rough translation." In 1937/38 he took a sabbatical leave from his university for the sake of finishing this work. Yet after all it was not finished— partly because Professor Swenson was already incapacitated by the illness which eventually resulted in his death; but also because he aimed at a degree of perfection which hardly can be reached by a translator. At one time he expressed to me his suspicion that perhaps, as in the translation of Kant's philosophy, it might require the cooperation of many scholars during several generations before the translation of Kierkegaard's terminology could be definitely settled. I hailed with joy this new apprehension, which promised a speedy conclusion of the work, and in the words of Luther I urged him to "sin boldly." -- Editor's pref., p. [ix].

Leap of Faith

#1 New York Times bestselling author Steve Harvey helps you engage the Divine Spirit within you to find your life's desire and use your own imagination to make your life’s vision a reality. At the beginning of each broadcast of his morning radio show, Steve Harvey offers his millions of listeners a few moments of spiritual advice to inspire and guide
them. Fans love Steve’s wisdom and often share his insightful messages with friends and family. In this essential book, Steve expands on those daily words of wisdom by providing fans—and anyone in need of spiritual support, comfort, or guidance—this heartfelt collection of spiritual devotions. Steve beautifully and thoughtfully explains what faith is and how it can work miracles in our daily lives. He also talks in-depth about the power of human imagination and how we can use it to make our dreams come true. Steve believes that no vision enters our minds without our ability to make it a reality. As God inspires us to build and create a larger vision for our lives, Steve shows us that when we combine our inherent power with God’s divine plan, we can each achieve anything. Steve also reveals the power of using imagination, faith, and hard work to make our visions a reality. Written in an engaging storytelling format in Steve's warm, inviting voice, each chapter of this thoughtful book offers invaluable advice and anecdotes that illuminate the power of imagination and how to use our God-given visions to enrich our lives.

Leap of Reason

There are many of us who dream about selling all our stuff, quitting our jobs, and running away to Paradise. This is a story about one couple who made that dream come true. The author shares what it feels like to experience ultimate freedom, and outlines the steps they took to get there. The story includes tales from their travels, social commentary on the state of today’s American society, and a simple financial plan that will benefit anyone, regardless of their future goals. Throughout the narrative the reader is treated to dolphins and manatees, pelicans and osprey, blue skies, blue water and white sand beaches. Tropical music plays a role as well. Read how music inspired them to execute their plan. Follow along as they transform from everyday working drones to carefree boat bums and beachcombers. This book will make you rethink how you look at life, and money.

The God Zone

Annie Boyd worries that she won't be able to prove to her parents that she can complete an all-day riding event, but she gets inspiration from her friend, Austin, who at first was too afraid to compete.
